

PRESS RELEASE

PERFECTION UNIFORMS ANNOUNCES NEW PRODUCT INNOVATIONS & SALES REPRESENTATION ADDITIONS

February 20, 2006
Brentwood, Tennessee

At its National Sales Meeting February 13-14, Perfection Uniforms announced that 2005 represented a continuation of double digit percentage growth, which will be further accelerated by the following initiatives in 2006:

- The introduction of its new EGC (*Ergonomic Garment Construction*) System™ that enhances the comfort, mobility, and wear life of Uniform Shirts and Trousers.
- The introduction of its new MatrixSeries™ line of performance poly/cotton twills with exceptional color depth & retention, stretch comfort, UV protection, and external liquid protection w/ internal wickability & breathability. MatrixSeries™ garments will be available in a wide range of models that will feature the Perfection EGC System™.
- The introduction of its new PinnacleSeries™ line of performance poly/cotton poplins, with exceptional color depth & retention, stretch comfort and external NanoTex "Resists Spills" technology that provides liquid repellency while maintaining natural fiber breathability. PinnacleSeries™ garments will also feature the Perfection EGC System™ and coordinate with the MatrixSeries™ line.
- The addition of two new sales representatives to the Perfection field team. Effective immediately Terry Hook will cover CO, NE, NM, ND, SD, & WY, and Bob Dunn will cover AZ, CA, HI, & NV, supporting Perfection growth in these areas.

Perfection Uniforms, based in Brentwood, Tennessee, is one of the fastest growing uniform companies in the US, and our uniforms are distributed internationally through a select network of full service dealers.
