# UniformMarket Store System

**Sell to the public. Create private customers store. Do both!**

## ONLINE UNIFORM STORES

UniformMarket Store Systems will create (or improve) your website to magnetically draw business to your doorstep. Set up fast – ready to do business in weeks. Here’s just a preview of what the System will do:

**Organize your uniform products elegantly** - Not only do products appear pleasingly to customers online, but content management is a snap.

**Sell online - E-COMMERCE for ALL your customers** – general public, existing customers, retail, wholesale, large or small end-users, dealer reselling partners, etc. Customers can be set up any way you want! These customer-specific sub-stores provide a unique shopping experience perfectly crafted to serve the variety of customers you work with.

**We can do the work for you** with our comprehensive support services or you use our powerful self-service tools – Saving you time and money!

**Custom reports** - with all activity (from e-commerce to web traffic stats) – You can see how you are doing and be ready to improve your site when needed!

**Manage your domain and e-mail account services** – expanding your ability to communicate!

**Guaranteed support and training** at all stages of development and implementation. We will not leave your website half-way. We do not see success until you see success.
